PROBLEM: Atlanta City Councilman, Vern McCarty has submitted the attached letter requesting that Precinct 01B, Parkside Elementary School, be relocated to Ormewood Park Presbyterian Church. Councilman McCarty feels that by relocating to this facility, it would prevent the voters from having to travel outside of the neighborhood to vote.

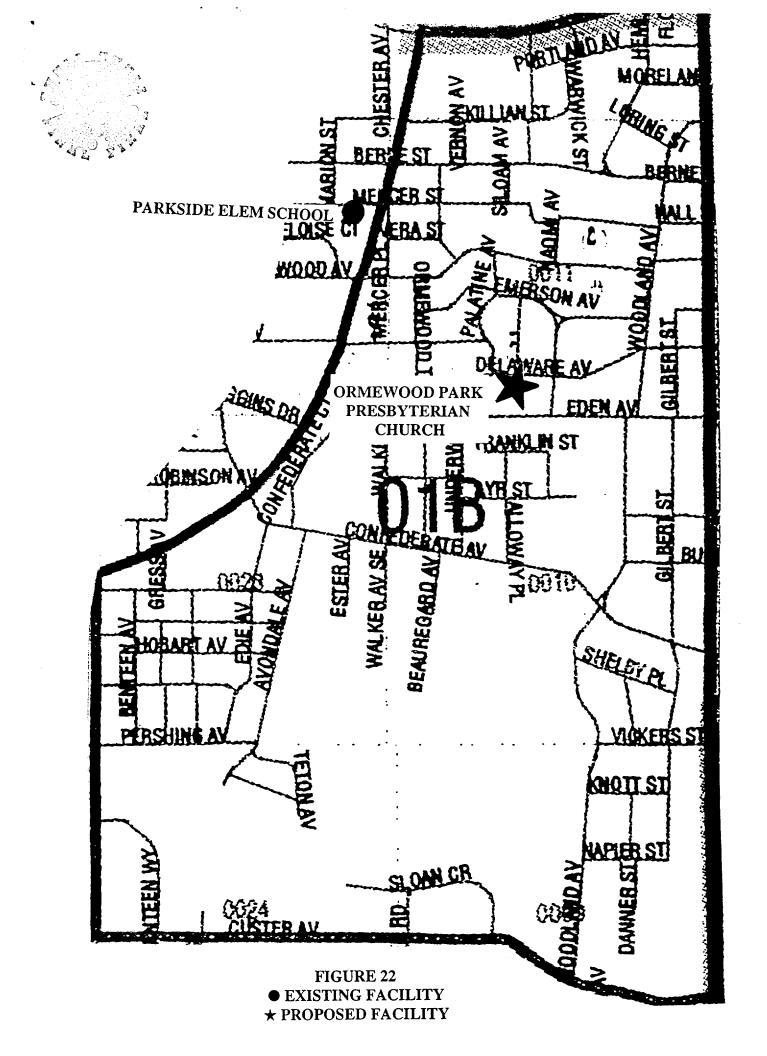

NOTE: The Board of Registration and Elections approved Proposal No. 18/01 on September 18, 2001, to relocate this precinct from Anne E. West Elem. School to Parkside Elementary School (see proposal attached). Also, Ormewood Park Presbyterian Church was surveyed two years ago, whereas it was found that the facility did not meet accessibility requirements for use as a polling place. However, based on the attached recommendation, we surveyed the church again and found that the church has another building on its' grounds that is suitable for use as a polling place and meets accessibility requirements.

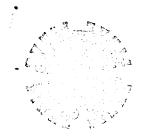

PROPOSAL: After surveying the recommended facility and finding that it is in fact closer to the voters of Precinct 1B, it is proposed that Precinct 01B be temporarily located to the facility listed below. The proposed facility is less than a mile away from the existing facility and is accessible to the handicapped (see figure 22). Voters will be notified immediately upon approval.

Cynthia Welch, Elections Chief Department of Registration and Elections 141 Pryor St., SW, Suite 4075 Atlanta, GA 30303-3460

Dear Ms. Welch:

I understand that the Board of Registration and Elections has approved proposal 18/01 temporarily changing the polling location from Annie E. West Elementary School to Parkside Elementary School. However, I am certain that to do this will be a burden to the voters of Precinct 01B. These individuals have been voting in their neighborhood of Ormewood Park for many years, and often walk to the polls. Parkside Elementary is about a mile away, and in a different neighborhood, Grant Park.

I believe a far better choice is to change the polling place to Ormewood Park Presbyterian Church, which is only 3 blocks away from Annie E. West. This would enable voters to remain close to their previous polling place, as well as allowing them to remain in their own neighborhood, thus increasing the probability of their voting. Rev. Taylor, the pastor of Ormewood Park Presbyterian Church is very willing for the polls to be located there.

It is my understanding that you could review the site and that if it is found to be acceptable, the polling place could be changed from Annie E. West to Ormewood Park Presbyterian Church at the next meeting of the Fulton County Board of Registration and Elections.

Will you please notify me as soon as possible of your findings when you review the Church?

I appreciate your attention to this.

Thank you,

Vern McCarty

PROBLEM: Precinct 3V was created from a portion of Precinct 8N that was eliminated as a result of Proposal No.16/01R which was approved by the Board of Registration and Elections on June 21, 2001 and by the Board of Commissioners on July 11, 2001. At the time the proposal was approved, there were no suitable facilities available within the bounds of the precincts. The former voting facility is now in another Council District as a result of reapportionment.

PROPOSAL: A voting facility has now been identified, thus it is proposed that Precinct 3V be split with Precinct 3P and be located at the facility listed below. The proposed facility is 1½ miles from the northern boundary of the precinct and is accessible to the handicapped (see figure 23). Voters will be notified by first-class mail 30 days before the next election.
